DEI leaders at the PTAB

Asli Carome, Patent Attorney Rapport Subcommittee Chair

- Diversity, Equity, and Inclusion are the not-so-secret ingredients of an organization's creativity, strength, and success.

Christopher Paulraj, Lead Judge DEI Committee Member (Chair, FY2021)

- PTAB's DEI initiatives are about bringing us together as a community despite our differences. For me, there is both a moral and business justification for ensuring that the important work we do leverages and respects the diverse perspectives of all PTAB members so we can effectively interact with our colleagues and stakeholders as we work to satisfy our mission.

Jamilah Sultan, Paralegal Specialist Retention Subcommittee Vice Chair

- DEI work can be emotionally taxing but also rewarding. Shouldn't we all strive to leave a place better than in which we found it?
- *"To leave the world a bit better, whether by a healthy child, a garden patch, or a redeemed social condition; to know that even one life has breathed easier because you have lived — that is to have succeeded."* - Ralph Waldo Emerson

Michael Kim, Vice Chief Judge

DEI Committee Executive Team Liaison

- My life may have turned out very different, if people from all types of backgrounds hadn't provided the foundation that allowed me to push boundaries. I want to do my part to cement that lasting foundation for everyone, and remove boundaries that are the product of intransigence and not purpose.

Nona Durham, Paralegal Specialist

Recruitment Subcommittee Member (Vice Chair, FY2021)

- I support DEI because it is the right thing to do. I believe DEI leverages our similarities and our differences by offering everyone, regardless of background or experience, the opportunity to contribute to and benefit from living and working within our multicultural society.
